Bridging the Generation Gap

ORR Students Share Valentines With Seniors

Students from the CSL Program at Old Rochester Regional High School joined seniors for a special Valentine's Day party at Village Court in Mattapoisett on Friday, February 12 at noontime. The party was a joint effort on the part of the CSL and Coastline Elderly Services, which provides lunches for area seniors on a daily basis.

Eight participating students from the regional high school visited Village Court to enjoy lunch and casual discussion with residents of the complex which was decorated in festive Valentine's Day heart-shaped balloons.

According to Evelyn Pursley of Coastline Elderly Services, the event provided a unique opportunity for seniors and students to interact and share their varied interests. She was pleased that students were being recognized for the positive things they do for a change, and noted that occasions like this are important for both age groups. Indeed, both young and old alike seemed to relish the chance to talk about their own family members and plans for the upcoming winter school vacation during the meal.

Student musician Rebecca Correia added another dimension to the event by performing a couple of original songs from her recently-released compact disc for the group, including a song which she wrote for her older brother who is away at college. The versatile singer/guitarist displayed a great deal of burgeoning talent during the short set and proved that she has a promising career ahead of her. She took time to explain how she came to write each of the songs she performed for the attentive crowd.

Other students who participated in the event were Victoria Winn, Alex Naiman, Georgia Gavigan, Rhea DaSilva, Evan Patisteas, Sheila Ferreira, and Mike Overmyer. ORR's CSL Coordinator, Kathy Marx, was also present for the proceedings.

1999 at 7:00 pm by Chairman Albert E. Winters. Also present were Selectman Loretta B. Schaefer, Selectman Jonathan "Jody" Dickerson, and Executive Secretary Ray Pickles.

After signing treasury warrant #33 for the week, the board unanimously approved a Chapter 90 reimbursement request in the amount of $29,204, and also approved an extension of the agreement for a water line on Hope and Green Streets with a modification suggested by the firm of Titus and Hirschberg. Chairman Winters noted that for the record his wife worked for the firm, but they had no financial interest in the project.

At 7:15 pm the board met with Robert Mackie and Michael Grille of the BETA Engineering firm to discuss the possibility of serving the Town of Marion in the future. Mr. Mackie formerly worked for the engineering firm of Camp, Dresser and McKee (CDM) which was contracted by the town for work at the Wastewater Treatment Facility. That work has since been put on hold in the wake of Mr. Mackie's departure.

"(We) are here this evening to five you a flavor for BETA Engineering, since it's a new company in the area," Mr. Mackie said. "I joined BETA two weeks ago and it was a difficult decision for me ... having been with CDM."

Mr. Mackie explained that BETA was started by Mr. Grille in 1982 as a one-man firm and has since grown to 70 employees in three offices. The firm specializes in

environmental engineering and deal mostly with municipal clients and some residential. As a small firm, Mr. Mackie feels that BETA will provide the Town of Marion with more personal, one-on-one attention.

"I would stay in the same role as before as project manager and coordinator," Mr. Mackie said. "BETA is committed to the Town of Marion if you want to deal with us."

Mr. Grille explained that BETA Engineering is currently working for municipalities in five of the six New England states and they have extensive experience with wastewater treatment projects. "Longevity is best for municipal (clients)," Mr. Grille said. "We have a ten-year relationship with the Town of Bristol ... we don't usually get hired for a job and go away."

Chairman Winters asked if there would be any change or threat to funding from the state if they changed engineering firms while working on the Wastewater Treatment Facility project. Mr. Mackie said the project would not be disrupted at all.

Selectman Schaefer wanted to know why they should consider BETA Engineering over CDM. Mr. Grille explained that he deals personally with all of their bigger municipal clients. "When I say you can count on us, you can take that to the bank," he said. Mr. Mackie added that he is intimately familiar with the existing project and could readily continue in that capacity.

"We have had a long-standing relationship with (Mr. Mackie) and he's earned the respect of myself, (DPW Superintendent) Rob Zora, and Rick Guerzoni over the years," Mr. Pickles said.

After hearing from both gentlemen, Mr. Pickles noted that he doesn't believe the town has to issue a Request for Proposals (RFP) to solicit an engineering firm under the state Procurement Act, but he will confirm that with Town Counsel. Either way, the board said they would like to hear from CDM before making a decision in this matter.

"I think we owe it to CDM to have the opportunity to make a presentation," Chairman Winters said. "I don't want this to be a one-sided decision."

Mr. Pickles noted that representatives from Camp, Dresser and McKee are scheduled to meet with the board next Tuesday, February 23 at 7:15 pm. "It is the Board of Selectmen's decision to select an engineering firm," he said. "In order for (pending) projects to move forward, we'll need to make a decision within the month."

Under incoming correspondence for the week, the board received a letter from Mr. and Ms. Norman Cartmill

of Allen Street suggesting that a plaque be mounted amidst the beach grass at Silvershell Beach in memory of the late Olive Harris.

"The town does not usually pay for memorial plaques," Chairman Winters said. "Some times friends or family members will pay for a memorial."

"I know the (Marion) Tree Planting Committee will probably plant a tree in Olive's honor," Selectman Schaefer said. "Considering her involvement ... that would be very appropriate."

The board received a copy of the deed conveying the so-called "Grassy Island" property containing 55 square rods to the Town of Marion from Jeannete V. Speranza. The board thanked her for the donation.

Dartmouth Executive Administrator Michael Gagne sent notification that a meeting will be held on Wednesday, February 24 at 6:30 pm at the Dartmouth Town Hall to discuss seeking competitive franchise agreements from cable service providers. Gordon Champion of the Massachusetts Cable Commission will be present to answer any questions on this matter. Chairman Winters said it should be worthwhile and he plans to attend.

The Massachusetts Office of Attorney General sent a notice to the town regarding changes in the state's so-called prevailing wage requirements. As of February 4, 1999, all awarding authorities are required to pay the state

prevailing wage to any contracted, non-public employee operators of snow removal equipment. Though Mr. Pickles said this won't apply to the independent contractors already selected for this year, it will significantly increase their budget for next year. "This is a ridiculous state law that's going to cost us more money," he said.

Lee Hayes of the Finance Committee (FinCom) sent a memo to the board to clarify last week's discussion regarding the administration portion of the UMass Dartmouth Governmental Study. Mr. Hayes said that much has already been centralized within next year's fiscal budget and there's really only one non-person line item left to be centralized. "As of FY 2000, all non-people line items have been consolidated into administrative services ... so we're there," Mr. Hayes said.

SCURVEY IN GUINEA PIGS

My guinea pig is eating less and cries when he walks. My friend said he has a vitamin C deficiency. Is she correct?
The most common problem in guinea pigs is scurvey, which is caused by a Vitamin C deficiency. Your guinea pig's signs are consistant with this nutritional disorder.

How can I prevent my guinea pig from developing scurvey?
1. Purchase small bags of pellets. Vitamin C only lasts in pellets for 3 months from the time that it is manufactured.
2. Suppliment his diet with vegetables that are rich in Vitamin C such as peppers, kale and dandilion leaves.
3. Suppliment his diet with Vitamin C drops that are made for children. 50mg per day is safe.

Mr. Pickles added that all salary line items should remain under Administrative Services in the new budget, and with the board's blessing he will revise the budget and resubmit it to the FinCom.

Lastly, the board received a written response from Town Counsels Perry, Hicks, Crotty and Mitchell regarding the appointment of a Harbormaster for the Town of Marion and what provisions govern the appointment and tenure of the office.

Since the town never voted to adopt the Acts of 1987 thereby granting tenure to the position, the Harbormaster is an employee at will and may be removed from his position by the Board of Selectmen at any time without the need to show cause or any wrongdoing on his part (MGL Chapter 41, Sections 126-132). The board agreed to forward this information to the Marine Resources Commission (MRC) and suggested that a similar selection process be considered for the appointment of a new Shellfish Officer.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 7:52 pm.

Letters to the Editor

To the Editor:

In December I attended a (Marion) Planning Board public meeting on residential zoning. The participants asked the Planning Board to put residential zoning on the top of their agenda and have new by-laws ready for the April Town Meeting.

The Buzzards Bay Project has been working with the Planning Board and good information is being produced. The Project has compiled a database of Marion zoning statistics. We can now know the impact of our current residential zoning and we can predict how the future can change with new residential zoning.

I fervently hope that the Planning Board will begin releasing this information soon so the public can digest it and

For 30 years since 1969, Our Lady of Light Band has been carrying on the heritage of philharmonic brass bands. Under the direction of Mr. Manuel Canito, experienced musicians work with younger band members to pass along an appreciation of the music and the important part it plays in the culture of the Portuguese people.

The concert is made possible in part by grants from local cultural councils in Dartmouth, Fairhaven, Mattapoisett, Acushnet, Marion, Carver, Rochester and Wareham, local agencies supported by the Massachusetts Cultural Council. Sippican Choral Society

The Sippican Choral Society will sing Gilbert and Sullivan's classic operetta, *HMS Pinafore,* in concert on two occasions during the last weekend of February. The first concert, on Saturday, February 27, will take place at the Marion Music Hall at 8:00 pm. The second concert, to be sung at the Unitarian Memorial Church in Fairhaven, will take place the following day, Sunday, February 28 at 3:00 pm.

Soloists for the concert are all members of the chorus and include Bill Maxwell singing the part of Joseph Porter, KCB; Eileen Caron as Josephine; Bette Roberts as Buttercup; Ruth Rice as Cousin Hebe; Ken Almeida as Ralph; and Peter Kalmus as Captain Corcoran. Tom Herring will sing the part of the Carpenter.

Tickets for both concerts are $5 per person and are now available at The Bookstall in Marion, Seaport Village Ice Cream and Coffee Shop in Mattapoisett, Margaret's Hallmark Card Shop in Wareham, and Fairhaven One-Hour Photo (located on Route 6 near the bridge to New Bedford). Chorus members also have tickets for sale.

While these concerts are usually sold out, there may be a few tickets available at the door on the day of the concert. Please note, however, that seating at the Music Hall in Marion is limited, and you may wish to purchase tickets early to ensure a seat.

Now in its 35th season, the Sippican Choral Society is under the direction of Peter West, with Corinne Peck as accompanist. The group performs at least two concerts every year, singing the works of the world's great composers, as well as lighter works from the musical theater.

This year the chorus will also be presenting a special free concert for children titled "It's a Disney Day!" on April 11, also in the Music Hall in Marion. For further information about these concerts, please call Peter McDonald at 295-7119.

Rochester Historical Survey

The Rochester Historical Commission spent most of 1998 on an exciting journey down memory lane into Rochester's past as they reviewed old newspaper clippings, photographs, and memoirs of Rochester's ancestors gathering historical data. A survey, including a narrative history, was received from the Public Archaeology Laboratory, Inc. of Pawtucket, RI in August. The commission members corrected, copied, sorted, and organized the report, integrating old, updated records with the new. The resulting historical report was presented to the Joseph Plumb Memorial Library in December and is available for public use. Binders for the report were supplied by the Rochester Historical Society.

Although the original purpose of the project was to provide the town with data to allow effective and consistent historic presentation planning, the commission invites all to join them on their journey into Rochester's past. The Rochester Historical Commission will continue to survey worthy historic properties, adding to the report as data is collected. They welcome any information or photographs others are willing to share. The commission's hope is to educate the current residents about Rochester's rich heritage with the aim to preserve the town's assets for future generations. Photos and other contributions may be sent to the Rochester Historical Commission c/o Town Hall.

been calling the PACT Program to request a "repeat performance" to reinforce their new non-smoking lifestyle and to bring some of their friends and family members as well.

The PACT Program will sponsor the first workshop to be held on Wednesday, March 10 at 7:00 pm in the Sippican Shop on Spring Street in Marion. Judith Coykendall, Director of the PACT Program, said: "Noreen Nolan, owner of the Sippican Shop, expressed interest in hosting a quit smoking workshop and hypnotherapy session. Since we usually use schools and public buildings for these events, it seemed like a great idea to offer one in a different setting. When Noreen generously offered the use of the Sippican Shop, it seemed like the perfect opportunity to try something different."

A quit smoking support group series called "Independence from Tobacco" will also be offered in the weeks following the March 10 workshop. The PACT Program will also sponsor this series which will be held in a classroom at Old Rochester Regional High School on the following Wednesday evenings: March 17, March 24, March 31, and April 7.

The final night of the series will feature Ms. Richards once again facilitating a workshop and hypnotherapy session. This event will be sponsored by the Old Rochester Regional School Health Advisory Council through funds from the Massachusetts Health Protection Grant. It will take place in the cafeteria at the high school at 7:00 pm on Wednesday, April 14 — which happens to be "Kick Butts Day."

Ms. Coykendall explained: "'Kick Butts Day' is a day when young advocates will participate in a variety of activities to educate people about the dangers of tobacco and to limit kids' access to tobacco products. Students in schools across the country plan events with the help of the Campaign for Tobacco-Free Kids. It is very timely that the

Interested smokers should call Judith Coykendall at 748-3531 to register for one or more of these events. Daffodil Days Campaign

Even though there is a winter chill in the air, the American Cancer Society is already looking forward to spring with their annual Daffodil Days Campaign. The daffodil is the first flower of spring and, as such, symbolizes hope and renewed life for cancer patients and their families.

This year's Daffodil Days Campaign will be March 22 to 28 with delivery in the Greater New Bedford area on Tuesday, March 23 and Wednesday, March 24. A bouquet of 10 daffodils is only $5. You can also purchase a "Gift of Hope" for $10, which is a bouquet of 10 daffodils in a vase which is delivered anonymously to a cancer patient in an area hospital or nursing home. This is a wonderful way to give and brighten someone's day at the same time!

Area residents and longtime volunteers Gertrude Lowe and Ginny Morrison are co-chairpersons of the event. "Daffodils are the first sign of spring and a symbol of hope," Ms. Lowe said. "Receiving a bouquet of daffodils just makes everyone's day. I always look forward to working with the wonderful group of area volunteers who help with the Daffodil Days Campaign."

This vital fund-raiser sustain's the American Cancer Society's local programs of research, prevention, detection, education, and patient services. To place your daffodil order, please call your local ACS office at 996-0166. The deadline for ordering daffodils is March 5.

Center School Seeks Artists

March has been designated by the Massachusetts Art Education Association as "Youth Art Month." This is the twelfth annual celebration of the month at Center School in Mattapoisett. A major part of the celebration will be the visitation of artists during class time to discuss and demonstrate their areas of expertise. Funding to compensate the artists for their time has been generously provided by matching grants from the Mattapoisett Parent-Teacher's Association.

Visiting artists in the past have included those specializing in face-painting, watercolor, silk screening, stained glass, furniture making, wood burning, and several others. Repeat visiting artists are certainly welcome, as are parents and newcomers. We know there is a lot of talent out there and we also know that the rewards of sharing that talent with young artists are immense ... just ask the students.

If you are an area artist and interested in enriching the creative development of the school's young "Van Gogh's," then please contact Diane Perry, Center School Art Teacher, by February 19 at 758-2521. You can also send her a note c/o Center School, 17 Barstow Street, Mattapoisett, MA 02739.

Superintendent Speech in Marion

ORR School District Superintendent Betty Quinn will speak on "The Educational Challenges Facing the Tri-Town Area" at the Thursday, February 25 Lasagna Supper given by the Tri-Town League of Women Voters at St. Gabriel's Parish House on South Street in Marion.

Many years ago the League started this event featuring good food and interesting speakers to cut into the "February doldrums." It was so well-received that it has now become an annual event.

Everyone is invited, members and non-members, including teenagers. The League has set an affordable price of $6 which just covers the costs of the meal. Both meat and vegetarian lasagna will be served. The evening will begin with a short social time at 6:00 pm.

The speaker is scheduled after the main course and there will be plenty of time for dessert, coffee, and questions (which are encouraged). It is planned to end promptly at 9:00 pm. However, anyone interested in asking further questions is urged to stay and talk with the speaker on an individual basis.

Reservations are requested as soon as possible and can be made by calling 748-2276, 748-1327, or 999-2612. Payment of $6 (checks preferred) may be made at the door. In case of inclement weather, any cancellation will be announced on the local radio stations.

The database was developed to meet the day-to-day research needs of everyone — from young people to adults. Teens and adults may access the "SIRS" database by signing up to use the library's internet computer.

For library patrons with home computers and a valid library card from their public library, it is also possible to access a new database from home called "SEARCHBANK." All you have to do is go to the following address: http://www.searchbank.com/searchbank/mlin_s_remote, and type in your library barcode. "SEARCHBANK" consists of four mostly full-text databases covering general reference, academic subjects, health and business. SEARCHBANK is available on the library's internet computer as well as at home.

The Millicent Library has been able to greatly expand the information services it offers with the arrival of internet databases. The staff is always happy to assist with questions.

LET THERE BE LIGHT

Your telephone rings. It is your REALTOR saying that he is coming right over with a prospect. You hang up the phone. What's the next thing you do? Turn on every light in the house. Why?

Because you want to give the prospect the best image you can of the comfort, beauty and livability you are offering. In other words, you want to sell a home not a house. And full illumination is the best way to give your home that "lived-in" look. Furniture and rugs and fixtures take on a warm glow from the proper lighting. Here are a few "bright" ideas:

Turn on every lamp in the living room, bedroom and family room. Be careful about turning on the overhead lights in these rooms for it could be harsh and make the room look uninviting. Turn on every light in a storage room or closet. Go all out in illuminating the kitchen - the cheerier the better. Brighten up the bathroom too - but carefully choose the right wattage for bulbs by the mirror, pick the most flattering one. Remember, it's just as important to have lights on in the afternoon as it is for a night-time showing.

LUMBAGO STILL SPELLS BACK PAIN

Q In a restaurant I overheard an elderly gentleman refer to his low back pain as "lumbago" and it reminded me that I haven't heard that word in years. What was or what is lumbago?

A In days long gone, doctors tended to lump all low backaches into one diagnosis: lumbago, a word undoubtedly derived from the lumbar vertebrae in the lower part of the spine and a frequent site of back pain.

FIND SPECIFIC CAUSE

Modern-day chiropractic doctors, however, are educated to diagnose problems more specifically. Is it a ligament, muscle, or disc problem? A vertebral subluxation? A pinched nerve? A fixation? Joint inflammation? Or is it a combination of some or all of those or other possible causes?

Is the pain referred from an internal problem? Is it a sciatic nerve pain? What is the specific diagnosis?

To call a low back problem "lumbago" and let it go at that just won't do in today's world. Chiropractic doctors are expected to examine until they find the specific cause of a health problem and treat the cause appropriately.

LUMBAGO STILL HURTS

Still, you may occasionally hear the word lumbago used loosely as a general description for low back pain.

Mattapoisett Historical Museum

Project Assistance

The Mattapoisett Historical Society has two major projects in the works and is looking for people interested in assisting. Membership in the Historical Society is not a requirement for volunteering.

This summer, the major exhibit at the Mattapoisett Museum and Carriage House will focus on the history of the Wampanoag of our area. They are looking for people who have knowledge in this area, have artifacts, or are interested in helping put together a meaningful exhibit.

The other project for which they are seeking help relates to personal memories of earlier days in Mattapoisett. They are anxious to document as many stories from your memories as well as those which may have been passed down from relatives. At the time of the bicentennial, Bea Johnson and a group taped conversations with many of the Senior Citizens of the 70's and the Society wants to continue that project in order to document that kind of information for future generations.

So, Historical Society member or not, if anyone is interested in helping with either project, please call the Mattapoisett Historical Museum at 758-2844.

BY ROB GONSALVES

■ ***Rushmore*. Starring Jason Schwartzman, Bill Murray, and Olivia Williams. Directed by Wes Anderson. Running time: 93 minutes. MPAA rating: R. At Cinema 12 in the North Dartmouth Mall.**

"I've never met anyone like you before," says a fetching young teacher to Max Fischer (Jason Schwartzman), the 15-year-old hero of *Rushmore*. Nor is anyone likely to meet anyone like Max in real life, and very seldom at the movies. As *Rushmore* begins, Max is a seriously overachieving student at Rushmore Academy, where he compensates for his stereotypically nerdy looks (thick glasses, tinsel teeth) by joining or founding just about every organization at school. He devotes himself to writing and directing school plays with the zeal of a young Welles or Spielberg, putting on spectacular shows everyone will talk about for years. Meanwhile, he's flunking all his classes. He's a bright kid — some would say ingenious — but grades don't matter to Max; for him, Rushmore is both his playpen and his canvas. Everything he does is meant to leave the indelible mark of Max Fischer.

Is Max insufferable? Sure, sometimes — and one of the surprises of *Rushmore*, a sort of cross between *Amadeus* and *The Graduate*, is that Max's outsize ambition is often shown up for the narcissism it is. He's a kid. He means well, but he also rolls right over everybody's toes; he's so focused on achievement he seems near-autistic at times. Director Wes Anderson, who also wrote the script with Owen Wilson (this is their second film, after 1996's *Bottle Rocket*), risks alienating us: Max is obviously brilliant and just as obviously a case of arrested development, a boy who lost his mom at an early age and has thrown himself into distractions ever since. The movie is about what happens when he collides with *another* case of arrested development — tycoon Herman Blume (Bill Murray), who befriends this gangly kindred spirit but soon competes with Max for the affections of the aforementioned teacher Miss Cross (Olivia Williams).

Wes Anderson has a distinctive and unstable style; he likes the sound of different personalities clashing, different moods bumping together. In *Bottle Rocket*, a trio of suburban goofballs fancied themselves aspiring criminals; the story took the form of a road movie, and just when you thought the plot might tighten and thicken, it got slack and digressive (and vice versa). *Rushmore* is a much more successful mood-swing comedy, with moments of classic slapstick rubbing elbows with moments of painful candor. As in so many films about boy dreamers of all ages, the woman is the pinprick of reality that pops the balloon of male fantasy. Deflecting Max's advances, swiftly bored with Herman, Miss Cross is the sanest voice in the movie, yet she, too, has her false ideal; she takes up with a hunky intern (Luke Wilson) for physical comfort but can't help comparing every man to her late husband, whose memory she just about fetishizes.

Everyone is talking about Bill Murray, as if he'd never given a real performance before. Actually, he's been building a solid rep as a born-again character actor and supporting player in films like *Ed Wood* and *Wild Things*, but it's fair to say that Herman Blume is his first fully mature role (ironic, given Herman's lapses of golf-ball-tossing, bicycle-wrecking childishness). The vaguely depressed father of twin sons who have more brawn than brains, Herman sees Max as both the smart son he never had and a younger, not-yet-disillusioned version of himself. Murray's performance is mostly subdued, with flashes of adolescent contempt popping out like a switchblade (he has a hilarious boozy scene in a hospital elevator); Anderson and Wilson have written him a great role, and he brings it home effortlessly.

This is not to slight Jason Schwartzman, a rookie actor who more than holds his own with Murray, or Olivia Williams, recuperating nicely from *The Postman* and captivating us even at her most brutally honest. Nor should we overlook Wes Anderson's stylized brand of comedy (his main theme so far seems to be the folly of ambition), his pitch-perfect selection of oldies that heighten each scene, his odd use of widescreen for this small-scale teen movie, as if it were an epic on a par with one of Max's excessive plays — it's as if Max wouldn't settle for anything less than CinemaScope.

Rushmore is an ode to creative wunderkinds, who can be immature pains in the ass (just ask anyone who worked with Welles or Spielberg way back in the day); most movies wouldn't exist without them, but they don't exist in most movies.

This Week's Horoscope

by Linda Black

Aries (March 21-April 19). Send notes to all the people who owe you money. You might be surprised to find out how much you've loaned out that's never been repaid.

Taurus (April 20-May 20). You're in a pretty good mood — strong, forceful, dynamic, able to make decisions quickly, able to leap over tall buildings with a single bound.

Gemini (May 21-June 21). You're feeling self-expressive and enthusiastic. You're being pushed, but that's OK.

Cancer (June 22-July 22). It'll be easy to settle paperwork or bureaucratic snafus that need to be cleaned up. It's the kind of stuff you've let pile up on your desk.

Leo (July 23-Aug. 22). The move you had planned isn't going to get you where you want to go, because you're being blocked.

Virgo (Aug. 23-Sept. 22). There's certainly room for improvement and you may be just the person to point out where, when and why.

Libra (Sept. 23-Oct. 23). If you need money for something fun you have in mind, how about taking on a little more work? You're great with words.

Scorpio (Oct. 24-Nov. 21). You have awesome powers, but you need to do a little more planning. Get your resources together.

Sagittarius (Nov. 22-Dec. 21). If you meet somebody you find mildly irritating but rather attractive at the same time, relax. That's exactly as it should be.

Capricorn (Dec. 22-Jan. 19). You should be proud to be a Capricorn, especially if you have to stop doing something you want to do and start doing something you have to do.

Aquarius (Jan. 20-Feb. 18). There will be lots of new possibilities popping, people with creative ideas that you could follow through on, people who'd like to get to know you better.

Pisces (Feb. 19-March 20). Take it easy. There's no need to rush into anything, even though somebody might tell you otherwise.

If You're Having a Birthday This Week: You can do it yourself and save a lot of money this year. This would be mainly on household projects. If you don't know how, you can learn.

WWI Vets Sought for Honor

The Veterans Administration is assisting France in its effort to bestow the National Order of the Legion of Honor — that country's highest honor — to surviving members of the U.S. Armed Forces who fought on French soil during World War I.

There are an estimated 3,200 living U.S. WWI veterans, half of whom are believed to have served in France during the war. The Legion of Honor will not be given posthumously to U.S. veterans.
